ADVANCE INFORMATION TO CANDIDATES AND SUPERVISORS

Each candidate is to be supplied with the listed materials. The wood which should be workable and having straight grains such as the candidates are accustomed to using must be planed and ends shot to the dimensions given. The preparation of work pieces should be done by candidates prior to the examination.

MATERIALS

All materials for the practical test are to be supplied by the centre. Supervisors should endeavour to obtain the materials specified. Where this is not possible with the test pieces, a list of sizes used must be supplied. In addition to the usual bench kit, the following tools and machines/power tools will be required.

1. Hand tools:

1 × 19 mm bevel edged chisel per 2 candidates.

1 × sliding bevel/dovetail template per 3 candidates.

1 × router per 6 candidates.

1 × 12 mm bevel edged chisel per 2 candidates.

1 × 10 mm mortice chisel per candidate.

1 × 25 mm firmer chisel per candidate.

2. Portable Power Tools:

Router

3. Machines:

Pillar drill,

Morticing machine.

The following pieces of wood, previously prepared to size, are to be used.

PIECE A	510 mm × 75 mm × 40 mm,
PIECE B	450 mm × 100 mm × 45 mm,
PIECE C	250 mm × 100 mm × 30 mm,
PIECE D	230 mm × 100 mm × 30 mm and
PIECE E	300 mm × 50 mm × 40 mm.

General Notes

In order that all the candidates may have an equal advantage a check should be made before the examination that all pieces of wood are of acceptable quality.

No assistance or information other than that printed in the examination paper is to be given to the candidates nor may they be allowed a second supply of wood during the examination.

At the end of the examination the supervisor is requested to carry out the following:

1. ensure that the name and examination number of each candidate are clearly and correctly marked on each of his/her pieces of work. If a candidate does not complete the test he/she must however, return all of the work pieces supplied, clearly marked with name and examination number with the exception of waste.
2. enter the required details on an answer envelope reading:

‘pieces of work for scripts’ and complete attendance register put inside this envelope.
3. pack the finished pieces of work securely in the plastic bags provided by the centre and send them with the envelope containing the attendance register to **ZIMSEC**.
