As a young enterpriser you have been offered funding by the Zimbabwe Youth Empowerment Programme to start a business of your choice as part of the youth empowerment policy of the country. You have decided to enter the shoe manufacturing company and sell to the local schools. You have carried out a market research to understand the demand trends for the shoes. This research will also assist in designing the shoes and crafting an effective marketing strategy.

The following research results were obtained from a sample school.

School demographics

Total number of students :100
 Number of female students :52
 Number of male students :48

Market research results (sample of 20 students).

Shoe size : 8, 3, 8, 5, 4, 6, 6, 3, 4, 3
